This Financial Services Guide was prepared on 24 June 2021 and should be read with the Adviser Profile document dated 24 June 2021.

What is a Financial Services Guide?

This Financial Services Guide ('FSG') helps you understand and decide if you wish to use the financial services that we are able to offer you.

It provides you with information about the entities that may provide you with financial services:

- the licensee's Corporate Authorised Representative Northstar Wealth Management Pty Ltd ("Northstar Wealth").
- individual Authorised Representatives of the licensee.

We collectively refer to Authorised Representative(s) in this FSG as "us, our, we". We are the providing entity and are the authorised representative(s) of the licensee. Our authorised representative number is 001289121.

This FSG sets out the services we provide. It tells you:

- who we are and how we can be contacted;
- who the licensee is and how it can be contacted;
- what services and products we are authorised to provide to you;
- how we (and any other relevant parties) are paid; and
- how we deal with complaints.

Not Independent

We are not able to describe ourselves as being independent, impartial or unbiased because:

- We receive commission on life insurance products as explained in this FSG under the heading 'How we are paid'.
- We have an approved product list which limits the range of products we can recommend when providing advice to you.
- Our licensee is a wholly owned subsidiary of Spark Partnership Group Holdings Pty Ltd ("Spark Partnership Group"). Aura Group Pty Ltd, a shareholder in Spark Partnership Group, wholly owns Aura Funds Management Pty Ltd ("AFM") and is a provider of wholesale managed funds which may be included in our Approved Product List.

Other documents you may receive

We may provide you with personal advice that takes into account your needs, financial situation and circumstances. Where we provide you with personal advice, we will provide you with a Statement of Advice ('SOA'). The SOA outlines our advice and the basis on which the advice was given. It also outlines relevant information about us, our fees and charges associated with our advice. We are only able to provide personal advice about certain products as stipulated under the licensee's Australian Financial Services Licence ('AFSL').

If we provide further personal advice after providing our initial advice, we may record this in a Record of Advice, instead of an SOA. You may request a record of the further advice that is provided to you, if you haven't already been provided with it. You can also contact us, using the details at the start of this FSG, within 7 years from when the advice is provided to request this record.

Occasionally we provide general advice. This is where we may express an opinion or recommendation influencing you in making a decision in relation to a financial product, but where we HAVE NOT considered your personal objectives, financial situation or needs. If we provide you with general advice, we will provide you with a warning that the advice may not be appropriate to your needs, financial situation or objectives. Additionally, we will provide you with an applicable Product Disclosure Statement ('PDS') (if one is available) which you should read before making a decision that the product is right for you.

When a financial product is recommended to you, you will be provided with a PDS issued by the product provider. The PDS contains information about the product to assist you in making an informed decision about the financial product. It will outline relevant terms, significant risks, and fees and charges associated with the product.

Please retain this FSG for your reference and any future dealings with us. We may also add documents at a later date which will also form part of this FSG, and these should be read together with the FSG. These documents will include the word 'FSG' in the heading.

What fees and commissions are payable to us?

As the Licensee, Spark Advisors collects all fees and commissions which are then paid to our practice for providing you with our services. Spark Advisors receives a licensee fee from our practice of up to \$40,000 per annum, which is in part based on remuneration paid to your adviser's practice. We will discuss and agree our fee structure and payment options with you before we provide you with services. The types of fees you can be charged are listed below. You may be charged a combination, or part of, any of these fees. All fees described in this FSG include GST.

Initial Advice Fees

We may charge fees for the preparation, presentation and implementation of our advice. These fees will be based on your individual circumstances, the complexity involved in your situation, and the time it takes to prepare personal financial advice for you and are paid when you have agreed to receive our advice.

Depending on the nature and complexity of the advice, the maximum Initial Advice Fee of up to \$36,000 may be charged. Our charge for a no advice service will be subject to a minimum fee of \$330 per hour.

We will discuss these fees with you and gain your agreement to the fees before we provide you with advice. These fees will also be provided within your SoA.

Ongoing Advice Fees

We may charge a fee to provide ongoing portfolio reviews and/or for the provision of ongoing services as part of our client value proposition. This fee will be agreed with you and is either a set amount or an amount based on the amount of funds under our advice, or a combination of both. The ongoing fee is based on the complexity of ongoing advice and the range of services provided.

Our ongoing advice fees can cost up to \$36,000 per annum and is reviewed annually, including indexation to CPI each year.

Please note: at your annual review, if there are any further advice requirements that need to be documented, your financial adviser will provide a quote for you to approve prior to proceeding.

Your tailored ongoing service package will be discussed and agreed with you based on your individual needs and goals. The cost of these services will be provided and explained to you in detail by your Financial Adviser and detailed in your initial SoA.

Consultation Fee

For any other service you require that are not specified above, our hourly rates vary from \$330.00 per hour, and this will be confirmed with your financial adviser.

Commissions

Life Insurance Products

Initial and ongoing commissions from insurance providers may be received by Spark Advisors. These commissions are paid to Spark Advisors by the company that issues the product that we recommend to you, and they are included in what you pay for the product. The commissions vary and are based on the policy cost, which is the sum of the premiums you pay and may include other fees related to the product.

The initial commission is paid in the first year by the product issuer. Ongoing commissions are payments paid by product issuers in the years after the first year. These commissions are passed onto the practice.

If you initiate an increase to your cover, Spark Advisors may receive an initial commission and ongoing commissions on the increase to your policy cost. The ongoing commission on a client-initiated increase is only paid in respect of the period that starts from the first anniversary of the increase.

If the initial commission is equal to the ongoing commissions (as a percentage of your policy cost), Spark Advisors may receive up to 30% (excl. GST) of your annual policy cost. If the initial commission is higher than the ongoing commissions, the maximum commission that Spark Advisors may receive is set out in the table below:

Date a new product is issued	Initial commission (% of annual policy cost or increase excl. GST)	Ongoing commission pa (% of annual policy cost or increase excl. GST)
Before 1 January 2018 or before 1 April 2018 when the application was received prior to 1 January 2018	0 - 140%	0 - 38.5%
1 January 2018 - 31 December 2018*	0 - 80%	0 - 20%
1 January 2019 - 31 December 2019*	0 - 70%	0 - 20%
From 1 January 2020*	0 - 60%	0 - 20%

* Spark Advisors may receive the pre 1 January 2018 commission rates above from the product issuer if:

- your policy was issued before 1 January 2018 and you exercise an option or apply for additional cover under your policy after 1 January 2018; or
- your policy was issued before 1 January 2018 and is replaced after 1 January 2018 to correct an administrative error.

For example, for an insurance product applied for and issued on 2 February 2020 with an annual policy cost of \$450, Spark Advisors would receive up to \$270 (60% excl. GST) as an initial commission. Assuming the policy cost stays the same each year, Spark Advisors would receive up to \$90 pa (20% excl. GST) as an ongoing commission.

You'll find details of how your insurance policy cost is calculated in the relevant PDS that we provide you. Where personal advice is provided to you, you'll also find details of the commission that Spark Advisors and we are entitled to receive, if you decide to purchase a life insurance product, in your SOA or ROA.

There will be a 100% clawback of commission where the life insurance policy is cancelled, not continued or the policy cost is reduced in the first year and 60% clawback of commission in the second year.
